

Palm Drive Health Care District

Community Health Services

Memorandum of Understanding

The Palm Drive Health Care District desires to provide direct services and increase access to care throughout the entire district.

The Palm Drive Health Care District has for the past twelve months participated in an extensive needs assessment to understand what gaps in services may exist.

The Palm Drive Health Care District Board of Directors through its Access to Care Resolution 15-04 supports and funds this community need.

The Palm Drive Health Care District has identified the **West County Health Centers** as an excellent partner to address these needs.

West County Health Centers will invoice quarterly for one quarter of the funds for each project with their quarterly report on deliverables.

After Hours Medical and Dental Care - \$63,825
